BARN DOORS

What makes us different is we actually do **INSTALL!** We have installed well over 5000 doors. Really! Ask our competitors how many they have installed? We do not have theories but experience.

WELCOME

SO GLAD YOU CAME TO LOOK AT
BARN DOORS. AKA ROLLING
DOORS.

Thanks for looking into our design and measuring guide. We have been building and installing barn/rolling doors for over 10 years. We want to share our knowledge with you.

STARTING POINT BASICS

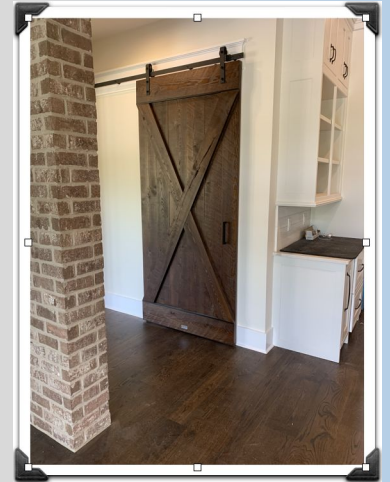

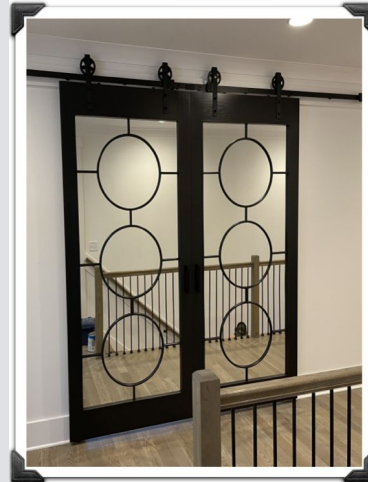

1.

Do you have space for a rolling door?

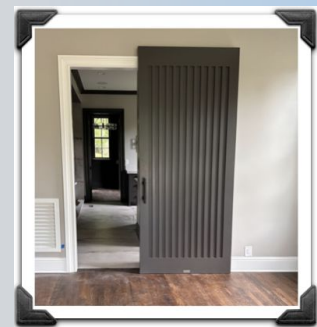

2.

Is your style “Rustic” or “Modern”?

3.

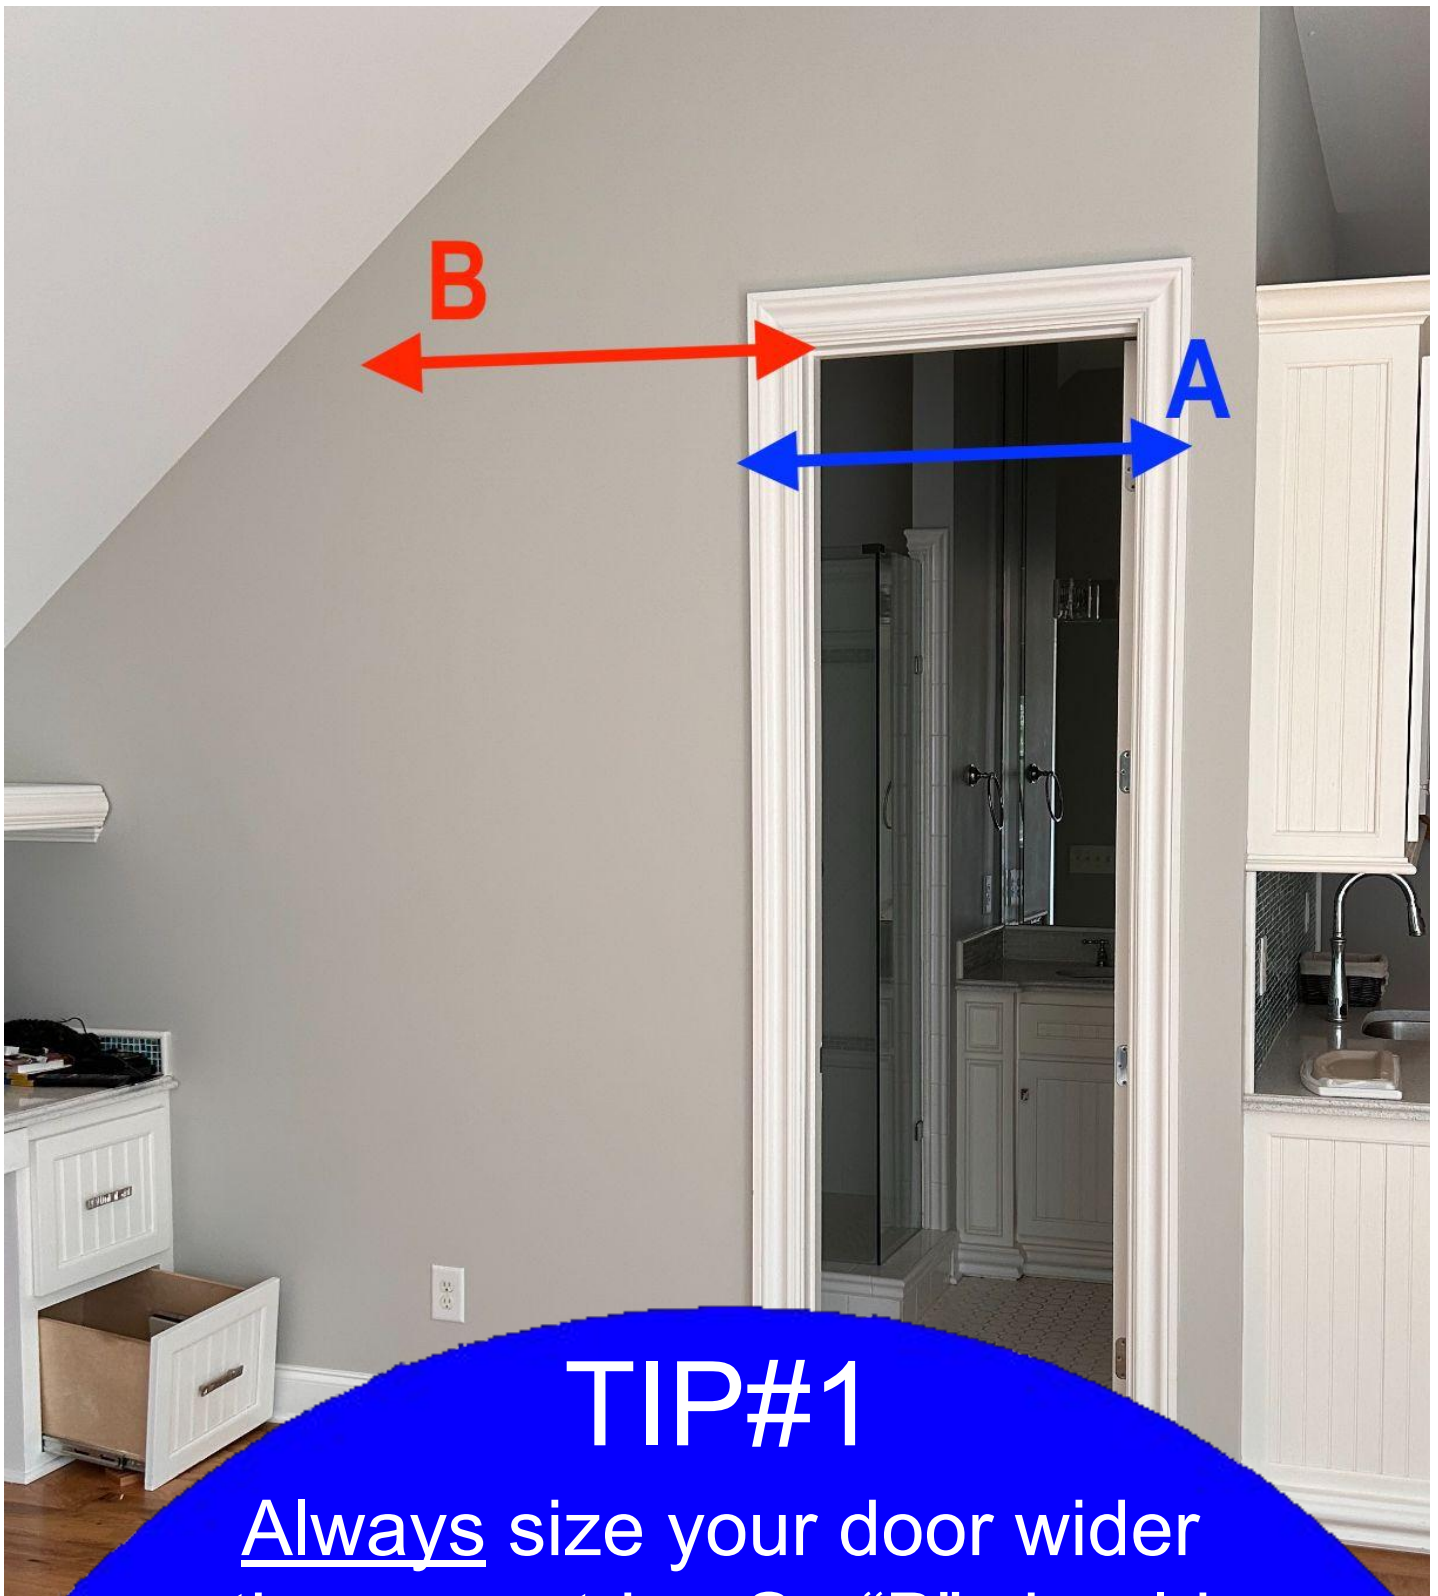

Do you want “barn style hardware” or “minimalist” or “hidden”?

1

ROLL SPACE:

Do you have space for a rolling door?

TIP#1

Always size your door wider than your trim. So “B” should be greater than “A”

1

ROLL SPACE:

No Space?

TIP#2

No space? Look to our Bypass or Inside Casing solutions.

Inside Casing or ByPass

No Track in
Floor to trip on

Easily remove
doors for moving
access

Non invasive
installation

2.

YOUR SYTLE

TIP#3

Step back within your room
and truly get an understanding
of your surroundings

STYLES

Semi Rustic

Industrial - Metal Insert

Full Glass

Simple Shaker Panel

STYLES

Rustic with or without glass

Special Insert

Mirror

Modern Glass

3.

HARDWARE

TIP#4

Decide your door style first.
Then choose hardware. And
what is in your room Stainless?

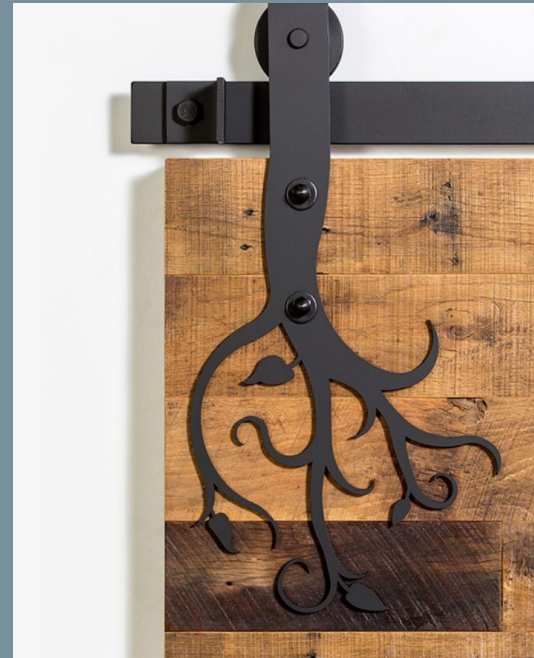

HARDWARE

Std Candy Cane SS

Std Candy Cane Blk

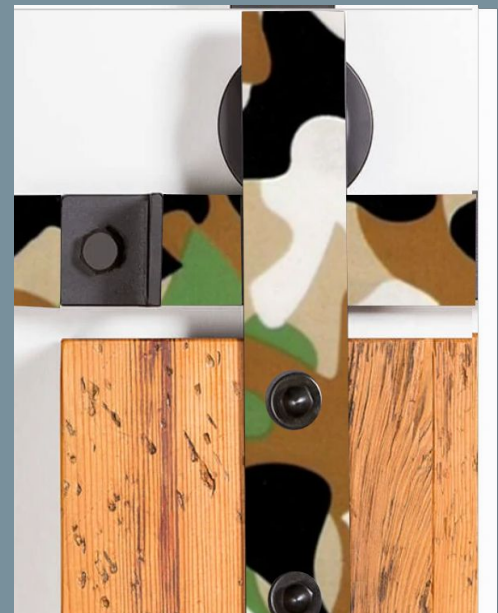

Designer Hardware

Top Mount Blk

Hidden Hardware

Graphic Hardware

SUMMARY

1.

CHECK YOUR ROLL SPACE

2.

IF NO ROLL SPACE LOOK INTO
“INSIDE CASING” SOLUTIONS

3.

DETERMINE YOUR DOOR
STYLE

4.

DETERMINE YOUR HARDWARE
STYLE AND COLOR

5.
